RIFLE SHOOTING

The commitment of the Federation with international evidence. The 2nd European Championship of rifle shooting "Complete" that already in the last year saw a good participation of athletes and female athletes and Italian side of the Alps continues with a more important organization and an awards ceremony at a high level. Sponsors important as Browning and Swarovski have given their trust to the manifestations of FIDASC rifle shooting has made important steps in the Italian shoot scene and wants to move on.

The institutional goal of the Federation, which is to protect and spread the disciplines with sporting arms for hunting, has been reflected fully in Italy and with this 2nd European Championship will continue the advance in the international field.

The 2nd European Championship of Tyre "Complete" as describes in more detail the technical regulations published in full in the official website and reported in summary in this brochure, comprises three different tests: the current boar to 50 meters; 4 targets to 100 meters, in different positions and the chamois target to 200 meters with a front support.

No sophisticated weapons from an aesthetic and technical point of view, the athletes will compete, then, with different types of shoot and its technical and competitive preparation will be severely tested by a complex test and, of course, "Complete".

RACE PROCEDURE
